Directors' report

The directors present their Directors' report and the financial statements for the period ended 13 September 2025

Principal activities

During the period, the principal activity was as a holding company. The principal activities of the subsidiary companies were the manufacture and sale of animal feeds and identifying opportunities for business development overseas.

Principal risks and uncertainties

A full description of the principal risks and uncertainties applicable to the ABF group, of which this Company is a wholly owned subsidiary, are disclosed on pages 81 to 90 of the 2025 Annual Report, which is available at www.abf.co.uk

Going concern

As set out in note 12, the smallest group in which the results of the Company are consolidated is that headed by Associated British Foods plc, which confirmed in the Annual Report and Accounts dated 4 November 2025 that its directors have a reasonable expectation that the ABF group has adequate resources to continue in operational existence for the foreseeable future.

The Company has received a letter of support from its intermediate parent company, ABF Investments plc, indicating that it will receive the financial and other support necessary for the Company to trade and meet its liabilities as and when they become due for a period of 12 months from the date of signing of these financial statements. ABF Investments plc has also received a letter of support from its *immediate* parent company, Associated British Foods plc, indicating that it will receive the financial and other support necessary for that company to trade and meet its liabilities as and when they become due for a period up to 5 March 2027.

After making enquiries and considering the support available from the intermediate parent company described above, the directors have a reasonable expectation that the Company has adequate resources to continue in operation for 12 months from the date of signing of these financial statements. These considerations included the ABF group's directors' assessment of going concern (set out in the ABF Annual Report and Accounts dated 4 November 2025 and available at www.abf.co.uk), which included the significant levels of cash and undrawn committed long-term facilities available to the group and the ABF group's directors' stress testing of cash flow forecasts through to 5 March 2027, and an assessment of any developments since that date that would adversely affect that conclusion. Accordingly, the financial statements have been prepared on the going concern basis.

Dividend

The directors do not recommend the payment of a dividend (2024: £nil). The company did not receive any dividends (2024: £nil).
