AB World Foods (Holdings) Limited

STRATEGIC REPORT

The directors present their Strategic Report for the period of 50 weeks ended 29 August 2020. Comparative information is presented for the period of 52 weeks ended 14 September 2019.

PRINCIPAL ACTIVITIES AND FUTURE DEVELOPMENTS

The principal activities of the Company are those of a holding company. There are no plans to change significantly the Company's activities in the foreseeable future. The external commercial environment is expected to remain competitive. However, this will have minimal impact on the Company's principal activity as a holding company.

REVIEW OF THE BUSINESS

The results and financial position of the Company are set out on pages 9 to 11.

The profit on ordinary activities after tax for the period was £nil (2019 – £nil). Net assets of £29.8m were unchanged from the prior year.

PRINCIPAL RISKS AND UNCERTAINTIES

The Company's principal risks and uncertainties relate to the value of its investments and its ability to finance those investments, if necessary, through the recovery of outstanding balances with other group companies.

A full description of the principal risks and uncertainties applicable to the Associated British Foods plc (ABF) group, of which this company is a subsidiary, are disclosed on pages 84 to 90 of the 2020 ABF Annual Report, which is available at www.abf.co.uk. This is supplemented by the section on principal risks and uncertainties in the Interim Results Announcement of Associated British Foods plc dated 20 April 2021. The principal risks and uncertainties of this group arise in its trading subsidiaries and are assessed within the operating companies where they are identified, evaluated and managed by the directors.

- **Margin risk**

Competitive pressure in the UK and international markets is a continuing risk for the Company. The Company manages this risk by providing value added products and services to its customers at competitive prices and by providing a high level of service and quality.

- **Credit risk**

The Company is exposed to credit risk on its sales. However, internal control systems are in place to minimise this risk by ensuring that sales of products are made to customers with an appropriate credit history and by monitoring adherence to credit terms.

- **Currency exchange rate risk**

The Company transacts in a variety of foreign currencies, which are subject to volatility. This risk is managed by the use of hedging instruments for major currencies for up to twelve months in advance.

- **EU-exit**

Following the UK's decision to leave the European Union on the 1st January 2021, supply chain costs have increased and a large amount of uncertainty remains. The Company understands that this uncertainty could impact future business performance in the areas of profitability, cash flow and taxes. The possibility of volatile exchange rates and interest rates provide additional uncertainty to business performance

- **COVID-19**

The COVID-19 pandemic continues to be a worldwide crisis and the situation is still uncertain. Authorities continue to impose restrictions on both a regional and local basis. Since March 2020, when the pandemic became apparent, the Company has put in place a number of measures to adapt to the evolving situation. For example, a significant number of employees continue to work from home. To support seamless homeworking the Company has modified our IT infrastructure, IT security and deployed collaboration tools. Our focus is producing and supplying as much as we can in as safe a manner as possible, working complex ingredient and packaging logistical challenges, and balancing levels of supply with demand in the best way possible for both the short, and medium-term future of the business.

Against this uncertain background the Company has engaged with our customers, suppliers and Industry Professionals in the fields of Customs and Supply Chain to develop a contingency plan to continue supplying our customers. As the political situation unfolds, this plan will evolve to continue with our target of uninterrupted supply of goods to our customers.

STRATEGIC REPORT

Engaging with our stakeholders – Section 172 Statement

The directors are required to act in a way which they consider, in good faith, is most likely to promote the success of the Company for the benefit of its members as a whole and, in doing so, have regard (amongst other matters) to the matters set out in section 172(1)(a) to (f) of the Companies Act 2006.

The company is a subsidiary of Associated British Foods plc and, as such, the company has adopted and directors have due regard to applicable group policies and procedures which impact on the company's stakeholders, including those referred to on page 72 of the Associated British Foods plc Annual Report and Accounts 2020.

The following section serves as AB World Food's section 172 statement and describes how the directors take into account such stakeholder and other matters in carrying out their duties and the impact on decision-making. Regardless of the legal duties, the directors consider regular engagement with stakeholders to be part and parcel of our value of progressing through collaboration and to be fundamental to the success of the Company.

Board structure and engagement with stakeholders

The statutory board regularly reviews the business' principal stakeholders and how we engage with them.

The Directors aim to take the needs and priorities of each stakeholder group into account as part of their decision-making processes, recognising that the appropriateness of a stakeholder group may vary depending upon the matter under discussion.

Key Stakeholders

The Board has identified the following stakeholder groups with whom engagement is fundamental to the group's ongoing success:

- its shareholder

Subsidiaries of the company

A Mayhew
K Pathak (Resigned 25th January 2021)
M Pathak

COVID 19 AND GOING CONCERN

The Company's business activities together with its financial performance and position are set out in the Strategic report and the Directors' report. The Strategic report also describes the Company's financial risk management.

The Company has received a letter of support from its intermediate parent company, ABF Investments plc, indicating that it will receive the financial and other support necessary for the Company to trade and meet its liabilities as and when they become due for a period of at least twelve months from the date of signing of these financial statements.

After making due enquiries and considering the impact of COVID-19 and the support available from the intermediate parent company described above, the directors have a reasonable expectation that the Company has adequate resources to continue in operation for at least 12 months from the date of signing of these financial statements.

These considerations included the impact of COVID-19 on the wider ABF group, the ABF group's directors' assessment of going concern (set out in the 2021 Interim Results Announcement dated 20 April 2021 and available at www.abf.co.uk), which included the significant levels of cash and undrawn committed long-term facilities available to the group and the ABF group's directors' stress testing of cash flow forecasts through to September 2022, and an assessment of any developments since that date that would adversely affect that conclusion. Accordingly, the financial statements have been prepared on the going concern basis.

DIRECTORS' INDEMNITIES

The directors have benefited from the ABF Group's Directors and Officers Insurance policy.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE STRATEGIC REPORT, DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Strategic report, Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with United Kingdom Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS 101 Reduced Disclosure Framework.

Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AB WORLD FOODS (HOLDINGS) LIMITED

Opinion

We have audited the financial statements of AB World Foods (Holdings) Limited for the period of 50 weeks ended 29 August 2020 which comprise the Income Statement, the Statement of Financial Position, the Statement of Changes in Equity and the related notes 1 to 9, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 101 "Reduced Disclosure Framework" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the company's affairs as at 29 August 2020 and of its results for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF AB WORLD FOODS (HOLDINGS) LIMITED

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

For the period ended 29 August 2020

1. AUTHORISATION OF FINANCIAL STATEMENTS AND STATEMENT OF COMPLIANCE WITH FRS 101

The financial statements of AB World Foods (Holdings) Limited (the "Company") for the period of 50 weeks ended 29 August 2020 were authorised for issue by the board of directors on 26th May 2021 and the statement of financial position was signed on the board's behalf by Andrew Mayhew. Comparative information is provided for the 52 weeks ended 14 September 2019. AB World Foods (Holdings) Limited is a private company limited by shares that is incorporated and domiciled in England and Wales.

These financial statements were prepared in accordance with Financial Reporting Standard 101 Reduced Disclosure Framework (FRS 101) and in accordance with applicable accounting standards.

The Company's financial statements are presented in Sterling.

The results of AB World Foods (Holdings) Limited are included in the consolidated financial statements of Associated British Foods plc, which are available from Weston Centre, 10 Grosvenor Street, London W1K 4QY, United Kingdom.

The principal accounting policies adopted by the Company are set in Note 2.

2. ACCOUNTING POLICIES

BASIS OF PREPARATION

The financial statements have been prepared under FRS 101 'Reduced Disclosure Framework'. FRS 101 sets out a reduced disclosure framework which addresses the financial reporting requirements and disclosure exemptions for the individual financial statements of subsidiaries and ultimate parents that otherwise apply the recognition, measurement and disclosure requirements of Adopted IFRS. The Company has taken advantage of the disclosure exemptions allowed under this standard. The Company's parent undertaking has been notified of and did not object to the use of the Adopted IFRS disclosure exemptions.

The Company has taken advantage of the following disclosure exemptions under FRS 101 as the equivalent disclosures are included in the consolidated financial statements of Associated British Foods plc:

- (a) the requirements of IFRS 7 Financial Instruments;
- (b) the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement;
- (c) the requirement in paragraph 38 of IAS 1 Presentation of Financial Statements to present comparative information in respect of paragraph 79(a)(iv) of IAS 1; (d) The requirements of paragraphs 10(d), 10(f), 39(c) and 134-136 of IAS 1 Presentation of Financial Statements;
- (e) the requirements of IAS 7 Statement of Cash Flows;
- (f) the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- (g) the requirements of paragraph 17 of IAS 24 Related Party Disclosures;
- (h) the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member; and
- (i) the requirements of paragraphs 130(f)(ii), 130(f)(iii), 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.

IFRS 16 introduces a new model for the identification of leases and accounting for lessors and lessees. It replaces IAS 17 Leases and other related requirements. The Company adopted IFRS 16 on 15 September 2019 and applies it for the first time in the 2020 financial year. The new standard describes the rules for the recognition, measurement, presentation and disclosure of leases. IFRS 16 distinguishes leases from service contracts on the basis of control of an identified asset. For lessees, it removes the previous accounting distinction between (off-balance sheet) operating leases and (on-balance sheet) finance leases and introduces a single model recognising a lease liability and corresponding right-of-use asset for all leases except for short-term leases and leases of low-value assets.

IFRS 16 permits a choice of transition approaches: a fully retrospective approach with an adjustment made to the opening retained earnings of the comparative period; or a modified retrospective approach with the cumulative effect of initial application recognised at the date of initial application without restating prior periods. The age, size and complexity of the Company's lease portfolio meant that it would have been either impossible or extremely costly and difficult to collate sufficient information to apply the fully retrospective approach. The Company has therefore determined to adopt the modified retrospective approach.

AB World Foods (Holdings) Limited

NOTES TO THE FINANCIAL STATEMENTS

For the period ended 29 August 2020

2. ACCOUNTING POLICIES (CONTINUED)

BASIS OF PREPARATION (CONTINUED)

Lease liabilities are measured initially at the present value of lease payments yet to be paid, subsequently adjusted for interest and lease payments as well as a number of other changes to lease provisions. Lease liabilities are included in Creditors. Right-of-use assets are reported as noncurrent assets and are initially measured at either:

- a) carrying amount as if IFRS 16 had been applied since the lease commencement date, discounted by the Company's incremental borrowing
- b) rate as at 15 September 2019 (applied to a majority of the Company's leases where sufficient historical information was available); or
- c) an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments (applied to a small number of leases where sufficient historical information was not available).

Right-of-use assets are subsequently measured at cost less accumulated depreciation and any impairment losses, adjusted for any remeasurement of the lease liability.

Operating lease expenses previously charged to operating profit have been replaced by depreciation of right-of-use assets (within operating profit) and interest cost (within finance expense). Although the aggregate income statement impact of each lease over its life does not change, the generally straight-line profile of operating lease expense is now more front-loaded under IFRS 16 because of the interest charge on the lease liability.

COVID-19 AND GOING CONCERN

The financial statements have been prepared on a going concern basis. As set out in note 9 the smallest group in which the results of the company are consolidated is that headed by Associated British Foods plc, which confirmed in the 2021 Interim Results Announcement dated 20 April 2021, that its directors have a reasonable expectation that the Associated British Foods plc group has adequate resources to continue in operational existence for the foreseeable future.

Further details of the impact of COVID-19 on the Company and on the directors' assessment of going concern are included in COVID-19 and going concern section of the Directors' report.

The company has received a letter of support from its intermediate parent company, ABF Investments plc, indicating that it will receive the financial and other support necessary for the company to trade and meet its liabilities as and when they become due for a period of at least 12 months from the date of signing of these financial statements.

These financial statements contain information about AB World Foods (Holdings) Limited as an individual company and do not contain consolidated financial information as the parent of a group. The Company has taken the exemption from preparing consolidated financial statements afforded by Section 400 of the Companies Act 2006 because it is a wholly owned subsidiary of Associated British Foods plc, which prepares publicly available consolidated financial statements.

(b) Factors affecting the tax charge for the period

The differences between the total current tax shown above and the amount calculated by applying the standard rate of UK Corporation tax to the profit before tax is as follows:

(c) Factors that may affect future tax charges

After the balance sheet date, it was announced that the UK's main rate of corporation tax rate applicable from 1 April 2023 will increase to 25% from 19%. This change was not substantively enacted at the balance sheet date and hence the impact has not been reflected in the measurement of deferred tax balances at the year end, but it is anticipated that substantive enactment will occur later in the year.
